Hi Steve,

Lee and I think it would be helpful for you to take a look at the additions/edits that I put into the Idaho legal rationale paper to reflect where things stand in Maine. These additions/edits are in redline in the attached, in several bullets on pages 3 to 7. Erica is planning to circulate this revised paper (I think with redlines shown) before the meeting with Deborah tomorrow. Let me know if these changes look okay to you.

Thanks!

I'd like to take a look when the dust settles a bit. Could you please point me to it when it's about that time? thanks.

Subject: Idaho HHC- Revised Legal Risk Paper

Hi all,

Attached is a slightly updated version of the legal rationales and risks paper that we all worked on, and presented to David, at the end of June. After discussions with Leah and Lee, I've made tweaks throughout the paper to try to capture where things stand in Maine. Please take a look, and feel free to make further edits if you have them, by COB tomorrow. Leah will be sending an updated version of this paper to Erica to be included in the invite for the meeting with Deborah on Wednesday.

Thanks!
